Product datasheet MON240268

Rabbit anti-Somatostatin antibody, clone SQab22263 (monoclonal)

Clone no. SQab22263 MONOSAN

Product name Rabbit anti-Somatostatin antibody, clone SQab22263 (monoclonal)

Host Rabbit

Applications IHC-P

Species reactivity Human

Conjugate -

Immunogen Full length protein corresponding to Human Somatostatin.

Isotype -

Clonality Monoclonal

Clone number SQab22263

Size 100 ul

Concentration n/a

Format Purification with Protein A.

Storage buffer PBS, 0.01% Sodium azide, 40% Glycerol and 0.05%BSA.

Storage until expiry date -20°C

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

Product datasheet

MON240268

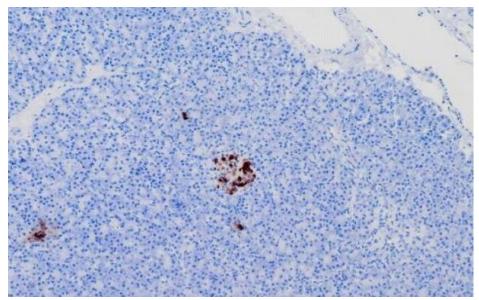

Rabbit anti-Somatostatin antibody, clone SQab22263 (monoclonal)

Clone no. SQab22263 MONOSAN

Additional info

Application note: IHC-P: Antigen Retrieval: Heat mediated was performed using Tris/EDTA buffer (pH 9.0). Incubate the samples at RT (18-25°C) for 30 min. * The dilutions indicate recommended starting dilutions and the optimal dilutions or concentrations should be determined by the scientist. Storage instruction: For continuous use, store undiluted antibody at 2-8°C for up to a week. For long-term storage, aliquot and store at -20°C or below. Storage in frost free freezers is not recommended. Avoid repeated freeze/thaw cycles. Suggest spin the vial prior to opening. The antibody solution should be gently mixed before use. Background: The hormone somatostatin has active 14 aa and 28 aa forms that are produced by alternate cleavage of the single preproprotein encoded by this gene. Somatostatin is expressed throughout the body and inhibits the release of numerous secondary hormones by binding to high-affinity G-protein-coupled somatostatin receptors. This hormone is an important regulator of the endocrine system through its interactions with pituitary growth hormone, thyroid stimulating hormone, and most hormones of the gastrointestinal tract. Somatostatin also affects rates of neurotransmission in the central nervous system and proliferation of both normal and tumorigenic cells. [provided by RefSeq, Jul 2008]

Images

Immunohistochemistry: Formalin/PFA-fixed and paraffin-embedded sections of Human pancreas tissue stained with anti-Somatostatin antibody [SQab22263]. Antigen Retrieval: Heat tissue section in Tris-EDTA buffer (pH 9.0).
